This is being submitted as a budgetary proposal for professional services on Industrial CyberSecurity which could be used for both mentioned cases located in Chile and Argentina. I'm also considering additional expenses since I'm not yet sure about which of our resources will be available at the required time and specific destinations. Once I have more precise information I will be able to adjust the proposal accordingly.

I'm considering one CyberSecurity Professional for two weeks.

Hrs/Qty	Service	Rate/Price	Sub Total
2	Gestión y Realización de Actualizaciones en Sistemas y Redes Industriales (PMDS) - Per Week Job	\$2,800.00	\$5,600.00
2	Gastos por Movilidad, Hotel y Dieta (TRVL)	\$1,350.00	\$2,700.00
Subtotal:			\$8,300.00
